## Dear Parents:

Triumph Center for Early Childhood Education serves nutritious meals 5 days a week. Children may purchase breakfast for \$1.50 and lunch for \$2.55.

Children from households with income less than or equal to the income eligibility guidelines on the reverse side of this letter are eligible for free or reduced-price meals. The costs for reduced-price meals are: \$0.30 for breakfast and \$0.40 for lunch.

You may apply at any time for your child(ren) to receive free or reduced-price meals by completing the enclosed Meal Benefit Form (MBF) and returning it to the child care center. All information must be complete and signed by an adult household member. If your first language **is not** English, you have the right to ask us for written or oral translation of materials free of charge in your native language.

If your household currently receives benefits under the CalFresh Program (formerly Food Stamps), the California Work Opportunity and Responsibility for Kids (CalWORKs), the Food Distribution Program on Indian Reservations (FDPIR), or the Kinship Guardian Assistance Payment (Kin-GAP) you only need to list your current CalFresh, CalWORKs, FDPIR, or Kin-GAP case number on the MBF. You must also have an adult sign and date the MBF.

However, if your household does not receive benefits under CalFresh, CalWORKs, FDPIR, or Kin-GAP please complete the MBF and make sure you:

- > Provide the names of all household members and their income by source; and
- Have an adult sign, date, and provide the last four digits of his or her social security number, or check the box "Check here if no Social Security Number" if the adult does not have a social security number.

The U.S. Department of Agriculture defines a household as a group of related or unrelated individuals (not residents of a boarding house or an institution) who are living as one economic unit (i.e., sharing living expenses). Therefore, the income reported on the MBF must include the gross income of all members of your household, by source.

The **income** you report must be the total gross income received last month, listed by source for each household member. If last month's income does not accurately reflect your circumstances, you may provide a projection of your monthly income. If no significant change has occurred, you may use last year's income as a basis to make this projection. If your household's income is equal to or less than the amounts indicated for your household's size on the attached Income Chart, the center receives a higher level of reimbursement for meals served to your child(ren).

Once properly approved for free or reduced-price benefits, whether through income or proof of benefits as supported by a current CalFresh, CalWORKs, Kin-GAP, or FDPIR case number, your child(ren) will remain eligible for those benefits for 12 months.

Households that do not currently qualify for free or reduced-price meals may later report loss of employment or income. The information may be used to place your child(ren) in the free or reduced-price meal category.

During any time of the year, a Child and Adult Care Food Program representative may verify your eligibility information. Deliberate misrepresentation of information may be subject to prosecution under applicable state and federal laws. We will place the MBF in our food program files and keep the information confidential. Only upon your request, will we share the information on your form with officials of other child nutrition, health, and education programs so they can use it to determine benefits for those programs.

Within 3 business days of receiving the completed eligibility application, the child care center will notify you regarding your child's eligibility category.
