Explorit Science Center

Our mission is to ignite and foster curiosity about science and nature through inquiry and discovery. We do this by providing opportunities for hands-on science exploration to about 65,000 people in 17 Northern California counties each year through mobile and on-site programs that relate principles of science to everyday life. Volunteer opportunities include: Summer camp assistant, exhibit assistant, docent, administrative volunteer, special events planning, artist or photographer. If you're interested, contact:
